2021 Baltimore Summer Funding Collaborative Application

You **must** complete the [online application](#). Please use this PDF application for reference only.

Request for Proposal (RFP) Summary

The Baltimore Summer Funding Collaborative (SFC) is made of over 10 organizations in that fund high-quality summer programs for Baltimore City children and youth from low-income families. SFC funders are working to help more young people attend high-quality summer programs. To do this, the SFC has streamlined the process for program providers to access private grant dollars.

With the SFC's [common application](#), you can apply for grants from SFC funders with one submission. For any SFC funding consideration, your program should:

- Mainly serve children and youth from low-income families living in Baltimore City.
- Provide healthy meals to students at summer programs that run in person for four or more hours each day.
- Help children and youth grow academically, socially, and emotionally.
- Strive to actively welcome and include students of all abilities.

In addition to these basic requirements, each SFC funder has their own requirements. For some funders, you must include certain documents to be considered for funding. Find out more by downloading the [Funder-Specific Requirements](#).

Visit bmoresfc.org to find the full RFP with more information.

Application Instructions

SFC funders understand that COVID-19 is causing uncertainty with in-person programming, funding streams for the out-of-school time provider network, and public health considerations. The concerns have made this year more stressful than ever for program providers. With this in mind, please propose the **ideal model** your program wishes to provide in Summer 2021. Base your proposal on what you know now about the ongoing pandemic.

We understand that different programs will need to use different formats. We will consider:

- In-person program models which meet COVID-19 safety requirements
- Fully virtual models
- Hybrid models

Notes: Indented Questions will only appear if you respond a certain way on a previous question. Also, the statements in *italics* give you guidance about how to answer questions.
