Overview

The Baltimore Summer Funding Collaborative (SFC) funds high-quality summer programs for Baltimore City children and youth from families with low incomes. The SFC aims to help more young people attend high-quality summer programs. To do this, the SFC has streamlined the application for funding from more than 10 public, private, and nonprofit organizations.

The SFC has a [common application](#). You can apply for grants from SFC funders with just ONE submission. For SFC funding consideration, your program should:

- Serve children and youth (ages 0-24) from families with low incomes living in Baltimore City.
- Provide healthy meals to students at summer programs that run in-person for four or more hours each day.
- Help children and youth grow academically, socially, and emotionally.
- Where applicable, welcome and include students of all abilities.

In addition, each SFC funder has their own requirements. For some funders, you must include certain documents in your application.

To apply for SFC funding, complete the [online Formstack application](#).

Submit the online application AND all required documents by 5:00 PM on Friday, December 3, 2021.

Please note: The SFC will not accept late applications. The SFC will not accept applications by email or postal mail. You may want to submit your application a few days early. This will help you address any problems before the deadline.

Eligibility and Availability of Funding

The SFC funds summer programs that:

- Serve children and youth (ages 0-24) from families with low incomes living in Baltimore City.
- Provide healthy meals to students at summer programs that run in-person for four or more hours each day.
- Help children and youth grow academically, socially, and emotionally.
- Where applicable, welcome and include students of all abilities.

For summer 2022, the SFC will make about \$5 million available to programs. Of this amount, \$2 million, invested by the Baltimore Children and Youth Fund, will go to programs run by Black, Indigenous, and people of color (BIPOC)-led organizations and/or programs serving youth ages 14-24. The remaining \$3 million will be awarded to programs that fit the priorities of other funders.

You do not have a limit on the amount of money you can request from the SFC. You are welcome to apply for the full funding you need to run a high-quality summer program. SFC funders do their best to fund whole program budgets, but we cannot guarantee that your entire budget will be funded due to limited resources.

In 2021, the SFC received 154 applications for funding, asking for a total of \$9.2 million. We fully or partially funded 87 programs. In total, we awarded \$3.5 million. Awards ranged from \$5,000 to \$175,000. The average award was \$40,000.

Funders and Priorities

For summer 2022, 14 funders are in the SFC. Collaborative members currently include:

- The Abell Foundation
- The Annie E. Casey Foundation
- The Baltimore Children and Youth Fund
- Bloomberg Philanthropies
- Clayton Baker Trust
- Constellation
- Family League of Baltimore
- France-Merrick Foundation
- Joseph & Harvey Meyerhoff Family Charitable Funds
- The Harry and Jeanette Weinberg Foundation
- The Hinkey-Benson Family Fund
- Lockhart Vaughan Foundation
- The Richman Family Foundation
- United Way of Central Maryland.

[Baltimore's Promise](#) administers and facilitates the SFC. Although Baltimore's Promise coordinates the grantmaking process, Baltimore's Promise does not make any funding decisions.

In the table below, you will find the specific documents that each funder of the Summer Funding Collaborative requires from programs applying for their funding. If you would like a funder to consider your application, you must submit the required documents as listed.

The table also lists each organization's funding priorities. Each funder will use these priorities in their funding. However, the priorities are not requirements for consideration.

Community Review of Your Program Description:

A key part of the application is the **Program Description**. You will describe your organization and your program for summer 2022. This year, a panel of community reviewers will read and score Program Descriptions. This panel will include youth ages 14-24 and parents/caregivers of youth ages 0-14. Funders will also read Program Descriptions.

In the Program Description, you will answer several questions. These questions reflect what Baltimore's youth, young adults, and parents/caregivers look for when choosing out-of-school-time programs. Baltimore's Promise spoke with 161 community members to find out their preferences and priorities. These community members included youth ages 11-24, and parents/caregivers of youth ages 0-10. Please read the [Baltimore City Youth Opportunities Landscape \(BCYOL\) Report](#) for more information.

How Will the Community Reviewers Evaluate Program Descriptions?

This year, the SFC is excited to share the [Community Review Rubric](#) for the Program Description. Our community reviewers will use this rubric to score applicants' Program Descriptions. Community reviewers will review up to 200 applications. They will prioritize applications from

BIPOC-led organizations and those serving youth ages 14-24. These criteria line up with the funding priorities of the Baltimore Children and Youth Fund (BCYF). BCYF is committed to aligning 100% of their funding decisions with the results of the community review process.

Find the [Community Review Rubric](#) in **Appendix B**. The rubric's Guiding Questions will help reviewers rate Program Descriptions. The rubric used insights from the BCYOL Report to develop the rubric. We **strongly recommend** that you read through the rubric carefully before writing your Program Description. This will help you plan your writing. Also, funders may use the rubric in their own reviews.

Program Categories

Proposals are grouped into three categories: **Comprehensive (Pre-kindergarten to 8th grade)**, **Comprehensive (Grades 9 – 12 / Ages 14 – 24)** or **Specialized**.

Program Type	Age Ranges	Criteria
Comprehensive Program	<ul style="list-style-type: none"> ● Prekindergarten to Grade 8 <p style="text-align: center;">or</p> <ul style="list-style-type: none"> ● Grades 9 – 12 / Ages 14 – 24 	<p>To be classified as a Comprehensive Program, a program must meet <u>all</u> these criteria:</p> <ul style="list-style-type: none"> ● Operates five or more hours per day, at least four days a week ● Operates for at least four weeks ● Has a formal enrollment process for students, such as enrollment forms ● Offers the following: <ul style="list-style-type: none"> ○ food (daily); ○ enrichment (daily); ○ academic enrichment (weekly or daily); and ○ physical activity (weekly or daily).
Specialized Program	<ul style="list-style-type: none"> ● Any 	<p>To be classified as a Specialized Program, a program must meet <u>some or all</u> of the following criteria:</p> <ul style="list-style-type: none"> ● Operates less than five hours per day and/or less than four days per week ● Operates for less than four weeks ● Has a drop-in structure where participants choose when to attend and may not be required to complete an enrollment form ● Has a single focus or specialized focus (such as mentoring, STEM, arts, workforce training) ● Operates outside of typical summer enrichment hours (such as weekends or in the evenings)

- If your program enrolls younger children but employs older youth as staff, please only consider the *younger children as the population you're serving*.
- If your program meets the Comprehensive Program criteria but enrolls a broad age range (such as K – 12), we recommend you complete **two** separate applications; one for the K-8 youth and one for the older youth, based on the program you are offering each age group.
- If your program has multiple sites but the same program structure at each site, please apply **once** but indicate that you have multiple sites. Your program budget must include all sites' projected expenses.

COVID-19

SFC funders understand that COVID-19 is still causing uncertainty with in-person programming, funding streams for the out-of-school time provider network, and public health considerations. The concerns have made these past two years more stressful than ever for program providers. Please propose the ideal model your program wishes to provide in Summer 2022. Base your proposal on what you know now about the ongoing pandemic.

We understand that different programs may choose to keep having virtual meetings in their programs. If your program includes a virtual component, or is fully virtual, please make sure to explain the reasons for this format in your application.

Submitting Your Application

To apply for SFC funding, you must complete the [online Formstack application](#). You must submit the application AND all required documents by 5:00 PM on Friday, December 3, 2021. Please note that the SFC will *not* accept late applications. The SFC will not accept applications by email or postal mail. You may want to submit your application a few days early. This will help you address any problems before the deadline.

Completing the Budget Template

All applicants must submit a program budget with their application using an [Excel template](#) that we provide. Please make sure to read the "Instructions" tab on the budget template and watch the instructional video for additional information.

Question 44 of the application provides space for you to share a budget narrative. You can also give other information about your budget, including in-kind resources, materials you plan to purchase, and other planned or pending sources of funding.

Information Sessions

The SFC will host two virtual information sessions for you to learn more about the application process. We will record these sessions and post them online at bmoresfc.org.

Information Session 1: Monday, November 8, 2021, from 1-3 PM

[Register Here](#)

Information Session 2: Tuesday, November 9, 2021, from 6-8 PM

[Register Here](#)

Technical Assistance and Professional Development

During 2021-2022, the SFC will offer various professional development (PD) and technical assistance (TA) opportunities for youth-serving organizations. This includes organizations that may be applying for the SFC 2022 funding cycle.

As of November 1, 2022, the SFC is still finalizing the schedule for PD and TA opportunities. Please check the [website](#) and follow the SFC on [Facebook](#) for updates on what PD/TA will be offered during the application period.

Questions & Answers

The SFC will accept questions about the application process via email between NOON on November 1 and NOON on November 30, 2021. Please send all questions to rfps@baltimorespromise.org. A Question & Answers document answering all clarification questions about the application will be uploaded twice to bmoresfc.org. We will upload the first document by 5:00 PM on Friday, November 12, and an updated one by 5:00 PM on Tuesday, November 30.

If you have technical questions about your Formstack submission, you may email them to rfps@baltimorespromise.org up until the application deadline at 5:00 PM on Friday, December 3, 2021. We will do our best to respond as quickly as possible. However, due to the high volume of submissions on the deadline, we cannot guarantee an immediate response. We **strongly encourage** you to submit your application before the deadline, as we cannot accept late submissions for any reason.

Decision Making

Technical Review

After you submit your application on December 3, 2021, Baltimore's Promise staff will review your application materials. We will check that you have submitted the budget in the correct format, and that your required documents are correct and up to date. Baltimore's Promise staff will email you by 5:00 PM on Friday, December 10, to let you know about any missing or incorrect materials. You will have until 5:00 PM on Friday, January 7, to resubmit any necessary materials. Funders may not consider incomplete applications. We strongly encourage you to read through the section on required documents before submitting your application to avoid needing to resubmit materials.

Community Review Process

After the technical review process, we may select your application for community reviewers to review. Reviewers will include youth ages 14-24, and parents/caregivers of youth ages 0-13. Ideally, all applications would be reviewed through this process. However, if we receive more than 200 applications, then we will prioritize:

- Applications from BIPOC-led organizations
- Applications from programs planning to have at least 51% of their participants be youth ages 14-24

These criteria line up with the funding priorities of the Baltimore Children and Youth Fund. They are committed to aligning 100% of their funding decisions with the community review process.

If we choose your application for review, the community review committee will evaluate your Program Description from your application. Each member will use the [Community Review Rubric](#) (See Appendix B). We will then share the committee's feedback with all SFC funders.

Funder Review and Decision-Making:

After the community review process ends, SFC funders will receive all application materials, including feedback from the community reviewers, and begin their own decision-making. Foundations will base their funding decisions on their priorities and eligibility requirements. We will announce funding decisions by early March 2022. We will email a decision letter to the proposal contact listed on the Formstack application.

The SFC is an aligned fund. This means individual funders ultimately make the funding decisions according to their unique priorities and eligibility requirements. The SFC strives to coordinate funding decisions and fund whole program budgets as much as possible. Before finalizing their decisions, SFC funders meet to align final decisions with the goal of fully funding as many high-quality summer programs as possible.

The Baltimore Children and Youth Fund will actively incorporate feedback from the community review process by aligning 100% of their funding decisions with feedback from this review process. Other SFC funders may incorporate feedback from the community review process into their decision-making.

Please see a flowchart of this process in **Appendix C**.

Application Feedback

In March 2022, the SFC will send you a decision letter. In that letter, we will share general information about the applicant and grantee pool to help explain the 2022 funding decisions.

Applications reviewed by the community review committee will receive substantive feedback based on reviewer comments. We will email this feedback to these applicants between March and May 2022.

At this time, the SFC cannot guarantee feedback from individual funders.

Receiving Grant Awards

Grant contracts and awards are administered directly by individual funders or their fiscal agents. If you receive an award letter in March 2022, the individual funders funding your program will reach out directly to your organization to start the contracting process.

Most SFC funders provide 100% of awarded funding to grantees between April and June, before the start of summer programming. However, the Baltimore Children and Youth Fund and Family League of Baltimore, two stewards of public funding, provide funding based on a partial reimbursement model. In other words, they may reimburse you after you provide services and spend money.

Grantee Requirements

SFC grantees must meet the following requirements:

Spring Grantee Survey	In spring 2022, Baltimore Promise will send the Spring Grantee Survey. With this survey, all Summer Funding Collaborative grantees must submit an updated program budget for Summer 2022 and describe their program's goals and expected outcomes.
Summer Meals	Any program running for more than four hours per day in-person (comprehensive or specialized) must make sure their participants are fed during the program day. One way to do this is through the Baltimore City Department of Housing and Community Development's (BCHD) free meal service to any non-profit organization, church, day camp, community group, or city agency that serves children and youth in Baltimore City.
Welcoming Students of All Abilities	The SFC is committed to supporting summer programs that welcome and include students of all abilities. SFC grantees are expected to ask parents or guardians during the enrollment or intake process whether their child has special needs or an individualized learning plan.
Attendance Collection	All SFC grantees must track enrollment and attendance data for their summer program using a method of tracking attendance supplied by the SFC. Required data includes student ID number, date of birth, school attended in SY 21-22, address, and last grade completed. As part of the attendance tracking process, grantees will administer an Opt-In consent form to parents/caregivers of participants to ensure that families agree to share this information with the SFC.
Site Visits	SFC grantees may receive a site visit from funders during their summer program. Baltimore's Promise will help to coordinate site visits for programs with multiple funders to streamline the scheduling process.
End-of-Summer Report	SFC grantees must complete an End of Summer report through an online form; a final program budget will also be expected as a part of the report.

Most SFC funders accept these expectations as their requirements for grantees. A few SFC funders have additional requirements:

The Annie E. Casey Foundation	After SFC decisions are announced in March, grantees of The Annie E. Casey Foundation will receive an invitation to an online portal. They may be requested to submit additional documentation before they receive funding.
Baltimore Children and Youth Fund	<p>Grantees of the Baltimore Children and Youth Fund will work closely with staff associated with Baltimore’s Promise to make sure they meet the following requirements:</p> <ul style="list-style-type: none"> • Compliance with Baltimore City Local Hiring Law for grant requests of \$300,000 or greater. This will require a local hiring analysis report and monthly reports. Please see Appendix E. • Proof of required insurance coverage. This is required <u>before</u> the grant is disbursed. <ul style="list-style-type: none"> ○ IMPORTANT: Please see Appendix E to review requirements based on grant size. Applicants can include cost of additional insurance in their SFC budget request and will be given 30 days from grant approval to provide proof of insurance. If insurance is a line item included in their program budget, BCYF grantees will be able to access a disbursement of funds to pay for the costs of insurance in order to show proof of insurance within 30 days of receiving the award letter. • Maintain an accounting system that enables grantee to isolate, identify and support all expenditures under this grant. Please see Appendix E. • Submission of monthly financial reports including detailed expenditures and receipts. Please see Appendix E.

<p>Family League of Baltimore</p>	<p>Grantees of the Family League of Baltimore will work closely with Family League to submit additional information required by the City of Baltimore. These reporting requirements include:</p> <ul style="list-style-type: none"> • Compliance with Baltimore City Local Hiring Law. Appendix E: Requirements for SFC 2022 Applicants Eligible for BCYF Funding

Overview:

This year, the Baltimore Summer Funding Collaborative (SFC) is excited to welcome the Baltimore Children and Youth Fund (BCYF) to the Collaborative in the 2022 funding cycle. With a \$2 million funding commitment for summer programs run by Black, Indigenous, and People of Color (BIPOC)-led organizations and for programs serving older youth ages 14-24, BCYF will play an essential role in expanding the SFC's funding pool to over \$5 million while employing an explicit equity lens in their decision making.

Eligibility:

To be eligible for consideration for BCYF, applicants must meet the SFC's general funding requirements. To be eligible for SFC funding, programs must:

- Serve children and youth (ages 0-24) from families with low incomes living in Baltimore City.
- Provide healthy meals to students at summer programs that run in-person for four or more hours each day.
- Help children and youth grow academically, socially, and emotionally.
- Where applicable, welcome and include students of all abilities.

To be eligible for consideration by BCYF, programs must also:

- Be run by a BIPOC-led organization; OR
- Primarily serve older youth (more than 51% of program participants will be ages 14-24)
- Submit the following documentation:
 - Certificate of Good Standing from the past 12 months
 - Proof of 501(c)3 or 509(a) tax status
 - Most recent financial audit (no older than FY19) and Management Letter for grantees with income over \$750,000
 - Financial Review for organizations with budgets between \$300,000 and \$749,999

All programs that are eligible for consideration by BCYF will have the chance to opt-in to consideration for BCYF funding in the SFC 2022 Application (Question 48). Your program will remain eligible for consideration by other SFC funders regardless of your answer to this question.

Community Review:

All programs that opt-in to consideration for BCYF funding will undergo a community review process. Reviewers will include youth ages 14-24, and parents/caregivers of youth ages 0-13.

Reviewers will read and evaluate your responses to the “Program Description” in the SFC 2022 Application (Questions 31-42). In the Program Description, you will answer several questions. These questions reflect what Baltimore’s youth, young adults, and parents/caregivers look for

when choosing out-of-school-time programs. Baltimore’s Promise spoke with 161 community members to find out their preferences and priorities. These community members included youth ages 11-24, and parents/caregivers of youth ages 0-10. Please read the [Baltimore City Youth Opportunities Landscape \(BCYOL\) Report](#) for more information.

Our community reviewers will use the [Community Review Rubric](#) to score applicants’ Program Descriptions. BCYF is committed to aligning 100% of their funding decisions with the results of the community review process.

Find the [Community Review Rubric](#) in **Appendix B** of the **RFP**. The rubric’s Guiding Questions will help reviewers rate Program Descriptions. The rubric used insights from the BCYOL Report to develop the rubric. We **strongly recommend** that you read through the rubric carefully before writing your Program Description. This will help you plan your writing.

Requirements:
